

# WELCOME TO STOCKHOLM FURNITURE FAIR!

WE WORK TOGETHER, something that is important to us at Gotessons and AM Acoustics. So this year we took another step in that direction and made our stands at the fair into one big inspiration stand filled with playfulness, design and knowledge.

So together we would like to invite you to us at the fair. There you will meet our new product buddies and a patented world news that we show for the first time at Stockholm Furniture Fair February 7. **Come and see it there!**

Take the chance and participate in a challenging contest with great prizes!

*See you in Stockholm!*
